

## **AGENCY OBJECTS TO BE INACTIVATED CENTRALLY**

In Tips & Techniques Volume 3, Issue #3, dated October 3, 1996, you were notified that several payroll-related comptroller objects (D10's) would not be used in fiscal year 1997. Appropriation year (AY) 94, 95, and 96 profiles have an effective end date of 09/30/96. AY 97 profiles have been inactivated.

Agency objects (D11) which infer/look-up these comptroller objects (D10) cannot be inactivated (status code changed from A. Active to I, Inactive) by users or they get a DX1 COMP OBJ NOT IN D10 and DAH INV OBJECT TYPE fatal error. We are in the process of identifying agency objects with a status of A, Active that infer/look-up comptroller objects that are inactive.

We will obtain sign-off from agency's chief accountants to change the status of these identified agency objects to I, Inactivate centrally. This should be completed by the end of November 1996.

In addition, the profile rollover program to be run in July 1997 will then exclude these inactive profiles, so they will not be rolled forward to AY 98.
